Directions from Dakar: Take the Diamniadio exit from the péage; in Diamniadio stay on the right lane, until you are on the way to Mbour/Saly; on the road to Saly and Toubab Dialaw, you will come to the Yene exit to your right, at the end of a town called Dougar; a tall baobab tree stands there, with women selling seasonal fruits; Take that exit and drive for about 5km; you will come to a right turn exit with a signboard called "Auberge de Sendou"; take that right turn until you reach a small mosque and the village of Yene. Do not enter the village; go right, around it and drive on an unpaved road for about 5 minutes and cross a small bridge; the house is 2 minutes drive from that bridge, to your right.
