

MAUMAUS

Seminar | 12–14 May 2026

11h–13h, 14h–16h

At Galeria Zé dos Bois

Diedrich Diederichsen

The Female Singers: 1970/2020

Whereas in classic 1960s pop music men began to sing however they pleased, flaunting individual and even flawed vocal characteristics (nasality!), women were still expected to conform to conventional vocal ideals. In contrast, around 1970, a great many women began to scream (Linda Sharrock, Patty Waters, Yoko Ono, Janis Joplin). What has become of this scream in the present day? (Arca, Rosalía, Jenny Hval, Billie Eilish)?

Registration is free but limited to the number of seats available. Please send an email with a short CV to admin@maumaus.org or reservas@zedosbois.org by 8 May 2026. Confirmation of registration will be sent by email. The seminar will be in English.
